

# Fabri-Form's Solution Sleeve Pack

As  
Simple as...

One,

Two,

Three!

The Fabri-Form Solution Pack is an economical, reusable shipping container that is designed for the handling and storage of a variety of products.

The Fabri-Form Solution Pack can be set up or taken down by one person, helping reduce labor costs while protecting your product from

Additional benefits are the Solution Pack's light weight and ease of cleaning. It also increases your storage space and lowers your shipping costs.

The Solution Pack is made from polyolefins which are virtually impervious to acids, caustics and other chemicals.

36" and 42" sleeves are in stock but a host of other options are available for any customer requirement. Ask your Fabri-Form sales representative.

- Paper or Plastic Sleeve
